

## PROJECT STUDIO PROGRAM APPLICATION FORM

Painting Space 122 is accepting applications from professional working artists for one-year Project Studios available from October 1 through September 30. Artists must reside in the NYC area and will be chosen for studio space by a jury of art professionals on the merit of their work. Students are not eligible.

### PLEASE NOTE THE FOLLOWING:

*The building of PS122 is undergoing major repair and renovation. This construction work will most likely cause all the tenants some inconvenience during the year. There may be days when you will be unable to use your studio, so potential studio applicants must have some flexibility and understanding of this situation. All efforts will be made to keep this inconvenience to a minimum but please do not apply if you are unable to handle the likely possibility of disruption in your studio time.*

### DEADLINE (POSTMARK DATE) is MAY 1st

Send only by normal postal service. Mark “**Project Studio Space Program**” on the outside of the envelope. **Do not send packages that need a signature in order to be delivered.**
